NAVIGATOR

Where am I, where am I going, and how do I get there?

These are questions answered for you immediately by your BMW Motorrad Navigator. It also gives you tips and information about restaurants, hotels, places of interest and lots more throughout the whole of Europe. Simple to use with a clear display, it is your indispensable companion on every trip. Just connect it to the onboard socket outlet or onboard power supply. This technical innovation will soon be available to match every model. So please find out on the Internet or at your local dealer whether the Navigator is already or will soon be available for your motorcycle.
